

Performance Results

Friendly & Helpful Front Desk

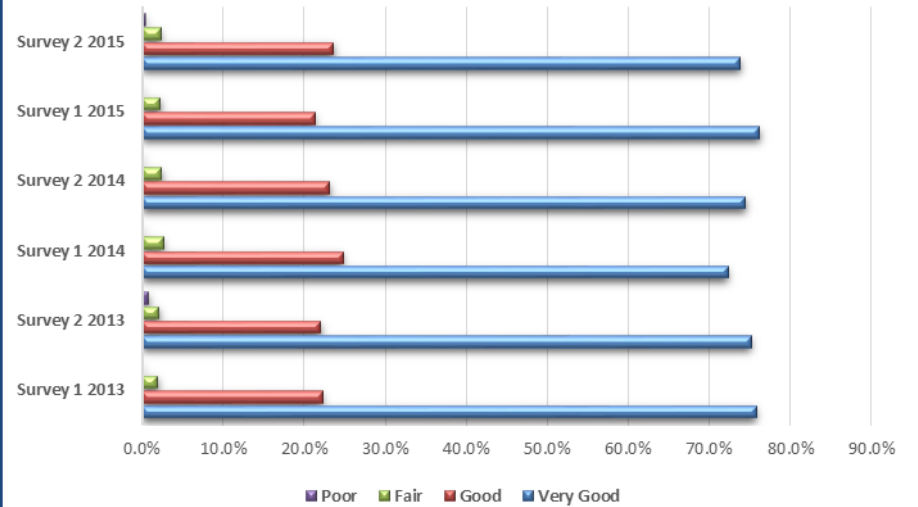

Our Patient Satisfaction Survey Report reveals that we are improving and our patients report that our nurses, providers and front office staff are friendlier, listen to them more, and help to answer their questions!

Nurses & Medical Assistants Listen to You

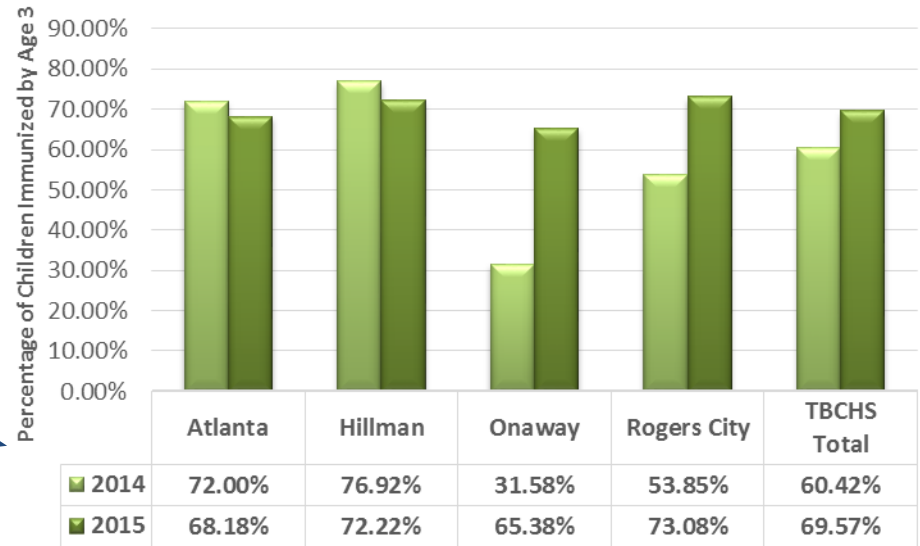

Providers Answer Your Questions

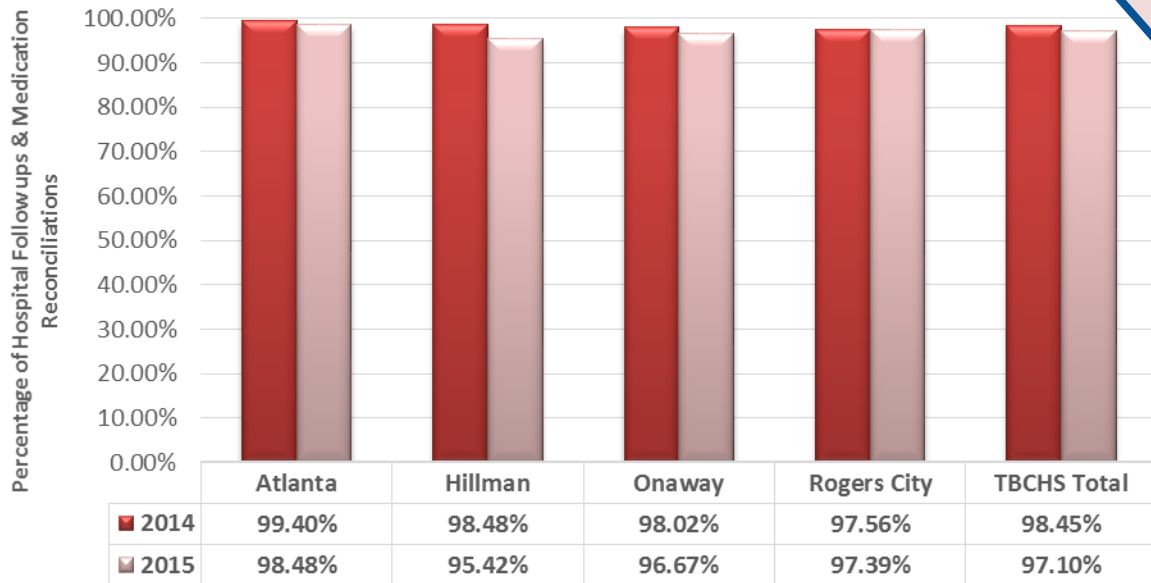

The children of our communities are not 100% immunized. Help us keep diseases like measles, mumps & whooping cough away from our families by educating your neighbors!

Childhood Immunizations

Hospital Follow up & Medication Reconciliation

TBCHS wants to ensure all patients are safely taking medications prescribed by other Healthcare Providers. We are maintaining high accuracy in following up with patients that have been admitted to the hospital.
